Letter of Support for International Congress of Abdominal Wall Surgery

Dear Professor Köckerling

On behalf of the Professional Organization of German Surgery, I am pleased to express our strong support for the International Congress of Abdominal Wall Surgery to be held in Berlin on June 2030.

The Professional Organization of German Surgery is a leading professional organization dedicated to advancing surgical practice, education, and research in the field of General- and Visceral Surgery. With a membership of almost 16.000 surgeons across Germany, our society is actively engaged in promoting high standards of patient care, scientific exchange, and international collaboration.

We recognize the International Congress of Abdominal Wall Surgery as an important international platform that will bring together experts, foster innovations, and facilitate the dissemination of cutting-edge knowledge in surgery. The scientific focus and international scope of this meeting are highly aligned with our mission and values. We are pleased to support this initiative and would be happy to contribute through participation of our members, promotion of the meeting, and potential involvement in the scientific program.

We wish you every success in the organization of this important event and look forward to continued collaboration.

Berlin, 23 March 2026

Your sincerely

Prof. Dr. med. Dr./h.c. Hans-Joachim Meyer
